

## -MV100 TIERRA DEL FUEGO NATIONAL PARK -

Tierra del Fuego National Park, located near Ushuaia. Ideal to get in touch with nature, enjoy its unforgettable landscapes. The Fuegian Andean Patagonian forest by the sea (Beagle Channel).

The diversity favored by this variety of ecosystems provides ideal options for photography, interpretation and enjoyment of birds such as the Black-browed Albatross, the Giant Woodpecker or the Fuegian Steamer Duck and mammals such as sea lions, etc.

Created in 1960, this National Park protects 63,000 hectares of the southernmost portion of the Andes and its characteristic environments: the Subantarctic forest, the high Andean steppe, the Peat Bogs and the marine coast on the Beagle Channel. (The Park is one of the best places to appreciate this special environment).

Zaratiegui Bay, Lake Roca, Lapataia Bay, with its trails specially designed by the staff of Tierra del Fuego National Park, will make us enjoy different environments with the help of the guide to interpret the flora and fauna.

During your stay in the National Park, you will be able to observe:

**Birds:** Black-necked Swan, Kelp Goose, Ashy-headed Goose, Upland Goose, Flightless Steamer-Duck, Flying-Steamer Duck, Spectacled Duck, Southern Caracara, Chimango Caracara, etc.
